

# MEGAMENGER

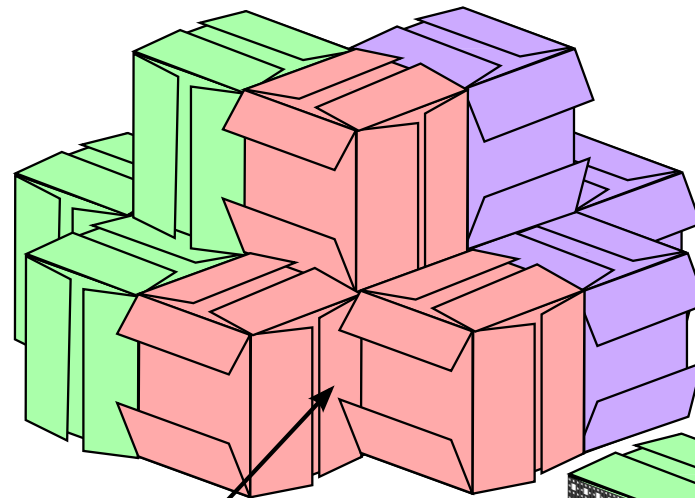

## Fact sheet: triple tripod

The **TRIPLE TRIPOD** is one of the construction units of the level-2 & 3 Menger Sponge. It is made of three single tripods linked together.

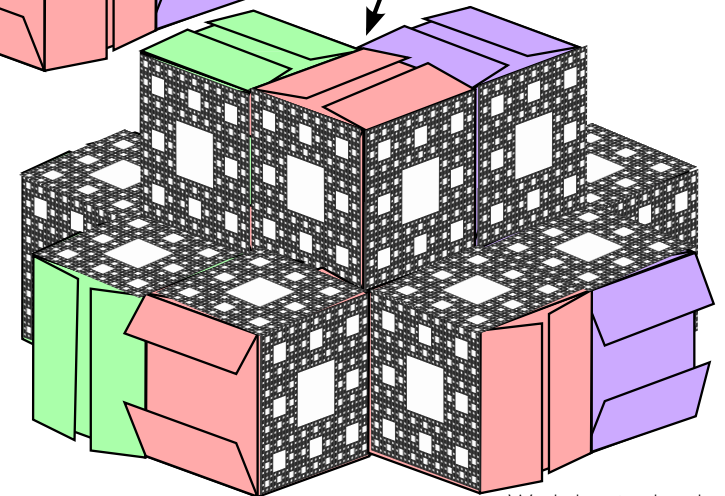

**Number of cubes in each triple tripod:** 12

**Total number of business cards:** 72

**Panelling cards needed to panel inside faces:** 33

Don't forget to panel the faces on the other side and underneath!

Make sure you get the orientation right - the central single tripod should have horizontal tabs to the left and vertical tabs to the right.
