

# MEGAMENGER

## Fact sheet: double tripod

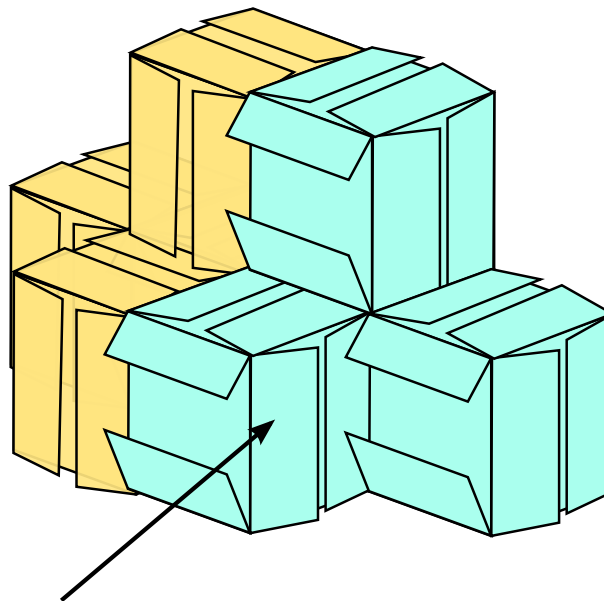

The **DOUBLE TRIPOD** is one of the construction units of the level-2 Menger sponge. It is made of two single tripods linked together.

**Number of cubes in each double tripod: 8**

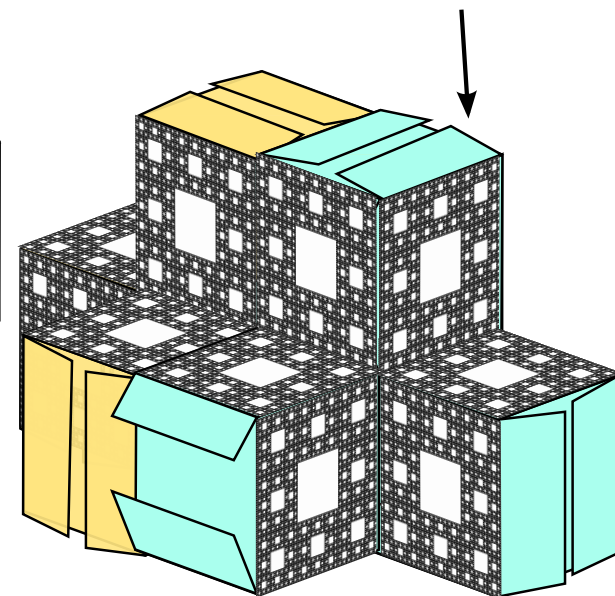

**Total number of business cards: 48**

**Panelling cards needed to panel inside faces: 24**

Make sure you get your orientation right - the single tripod on the right should have horizontal tabs to the left and vertical tabs to the right.

Remember to panel the right faces on the other side and underneath!
